T-0004-NN, Final Permit Decision**

Dear Mr. Frazier:

The United States Environmental Protection Agency (EPA) Region 9 is hereby issuing and providing you with notice of its final permit decision on Minor NSR Permit T-0004-NN, which EPA Region 9 initially issued to Salt River Project Agricultural Improvement and Power District for the Refined Coal Treatment System at Navajo Generating Station on April 20, 2016 under 40 CFR 49.159(a).

On August 30, 2016, the EPA's Environmental Appeals Board denied the petition for review of this permit. *See In re Salt River Agricultural Improvement and Power District – Navajo Generating Station*, NSR Appeal No. 16-01 (EAB, Aug. 30, 2016) (Order Denying Petition for Review). Thus, in accordance with 40 CFR 49.159(d)(8), this letter serves as the final permit decision by EPA Region 9 for this permit. All conditions of Minor NSR Permit T-0004-NN, as issued by Region 9 on April 20, 2016, are final and effective as of the date of this letter.

Public notice of this final agency action will be published in the Federal Register. If you have any questions concerning this matter, please contact Gerardo Rios at 415-972-3974 or [rios.gerardo@epa.gov](mailto:rios.gerardo@epa.gov).
